

ISOCELL® Z-wall

The perfect solution for
your natural ventilation
combining **TRANSPARENCY,**
INSULATION, and **RIGIDITY!**

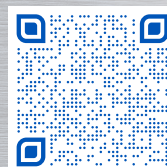

ISOCELL^z

ISOCELL® Z-wall

DO AWAY WITH THE ICE
AND THE COLD WITH THE
UNIQUE TECHNOLOGY
OF ISOCELL® Z-WALL

These diagrams
illustrate the
heat zone

Nearly **2X** the insulating power of **ANY** other system on the market today!

THE MULTI-WALL ISOCELL® Z-WALL OFFERS:

The "Z" structure of membrane inserted inside two films by the **ISOCELL® Z-wall** technology offers the possibility to manufacture this unique ventilation wall while having multiple insulating cells.

This insulated barrier of the Multi-Wall **ISOCELL® Z-wall** minimizes the heat transference of the colder external air and the warmer interior air cells.

By eliminating the heat transfer, the new Multi-Wall **ISOCELL® Z-wall** is the most insulating, economic, and efficient system on the market!

- **2X more insulation R3.0 (U1.9)**
- **Excellent luminosity**
- **Increased reliability**
- **Elimination of ice formation**
- **Stronger, more solid core structure**
- **Improved lowering of the membrane due to the Z design**
- **Continuous opening up to 10 feet (3 m) and double opening up to 14 feet (4.27 m)**
